

President's Message

Dorothy Sandahl

Greetings AAUW to 2026!

AAUW Hastings is charging into the new year! All of the pieces are coming together to make a fabulous journey!

First, DEI, Jodi Husting, assisted by Lisa Hedin, are taking the lead with the schools in presenting **SHE Engineers**. We are scheduled to integrate programs with Pinecrest and Kennedy and be the sole presenter at McAuliffe. We received bad/good news in December for a National Grant to cover the costs of She Engineer Program; we were not selected but they want us to reapply and gave directions on how to be successful. And we can apply for a State Grant, but it will not be available until after the programs are completed. Our fearless Board decided teaching girls the SHE Engineer program is totally in our AAUW Vision and approved moving forward anyway. More to come on who, what, where and how...

Meanwhile, our **By-Laws Team** had over 60 emails, multiple meetings and over 6 drafts to bring our By-laws up to date with AAUW required standard, current practices and creating a vision for the future. We are required by AAUW National to have this completed by June, 2026. The Board is currently reviewing the Draft and seeking approval by February. Then the membership receives it in March, seeking comments, questions and finally approving the By-Laws at our annual meeting in April, 2026.

The Hospitality team is organizing our **annual Chili Supper in January**, where the Board will be doing the cooking. Arrive early at 6:00 and bring your appetite—there will be 5 or 6 varieties of chili, along with some desserts to finish off the meal.

Finally, **AAUW National** has some great webinars and especially this month, they have one on how to be a nonpartisan political activist:

January 29th is a nonpartisan political webinar on taking action.

Women face many challenges—let's stay engaged and advocate for their rights.

” Your Story, My Story, Our Story - A Community Grows Together”

At the January meeting, Pat (Holtorf) Branstad will talk about Uniting Cultures/Uniendo Culturas, a multicultural group in St. James committed to building a thriving, more welcoming community.

The small town of St. James in southcentral Minnesota has a population of almost 5,000. Originally settled by northern European immigrants, the community has experienced a demographic shift over the last 40+ years; today more than 40% of the residents and greater than 60% of the student population identify as non-white, primarily Hispanic or Latino.

Uniting Cultures/Uniendo Culturas was organized in 2017 through the efforts of individuals from both the Hispanic/Latino and White communities to work towards a better understanding of the ethnic and cultural diversity in St. James. The group's mission to 'create spaces to grow as individuals and community through sharing, learning, collaboration and action to unite people' is guided by its vision of developing a stronger sense of community with a culture of inclusion where individuals feel respected and valued, are treated fairly, and have equal opportunity.

Fun fact: Pat graduated from Hastings High School!

Treasurer Transition and Important Procedures

Recently, the AAUW Hastings community was informed of a change in the Treasurer position. Due to health concerns, Pam Onnen has decided to step down from her role. The organization is grateful for Pam's dedicated service and wishes her well.

Stepping into the position is one of our newer members, Xilian Maceda, who has graciously agreed to take on the responsibilities of Treasurer. Xilian is already working to ensure our financial records are current and accurate. During a Special December Board meeting, a motion was approved to officially appoint Xilian as Treasurer, reflecting the Board's confidence in her abilities and commitment.

To help streamline financial processes, Xilian has provided forms on our website for submitting expenses and contributions. All members are encouraged to use these forms and to include a copy of their receipt when requesting disbursements. This will help maintain accurate records and ensure timely reimbursement or acknowledgment of contributions.

If you have any questions regarding these procedures, please refer to the website or reach out to Xilian for guidance.

Book Club

[Linda Bindman, Ann Johnson, & Cindy Toppin](#)

The book club meets the second Monday of the month at the Pleasant Hill Library at 1:30pm in the Old Mill Ruins room. Please join us, all are welcome!!

On January 12th we will be discussing the Hastings Reads Book, *Everything you Wanted to Know About Indians but Were Afraid to Ask* by Anton Treuer. For more than a decade, Anton Treuer's clear, candid, and informative book has answered questions for tens of thousands of readers. This revised edition both revisits old questions from a new perspective and expands on topics that have become increasingly relevant over the past decade, including activism and tribal enrollment; truth and reconciliation efforts; gender roles, identities in Indigenous communities; and much more.

Our book selection for February 9th is *The Frozen River* by Ariel Lawhon. This is a historical fiction novel and mystery, inspired by the real-life diaries of 18th-century Maine midwife Martha Ballard, following her investigation into a body found in the frozen Kennebec River in 1789, uncovering secrets of scandal, power, and resilience within her community while navigating the limited role of women in that era.

For March, we have selected another Ariel Lawhon book, *Code Name Helene*.

Hastings Reads 2026

The 2026 Hastings Reads theme is **Water, Wilderness, and Wisdom: Coming Together Through Native American Teachings**.

The three books that have been selected are: *We Are Water Protectors* by Carole Lindstrom (Elementary Book) *Where Wolves Don't Die* by Anton Treuer (Middle Grades Book) *Everything You Wanted to Know about Indians but Were Afraid to Ask* by Anton Treuer (Teen & Adult Books – there are two versions)

Anton Treuer will be speaking in Hastings on February 17th at the Hastings Arts Center at 6:30pm.

The Hastings Reads Flyer and activities information are attached at the end of the TWIG.

Volunteers Needed for STEM Nights

Jodi Husting

The AAUW Hastings Branch is excited to partner with McAuliffe, Kennedy, and Pinecrest Elementary Schools during the month of March to host science experiment stations during each school's STEM Night.

Each event will feature **five hands-on science experiment stations**, along with information highlighting *She Engineers*, a program developed by The Works Museum of Minnesota. The *She Engineers* program shares inspiring stories and real-world examples of women in STEM and engineering, helping students see themselves in these careers.

We are seeking AAUW members to volunteer at these events. Volunteers will help facilitate activities at the experiment stations. **All planning, instructions, and materials will be provided**, so no prior preparation or STEM background is required.

There will be an opportunity to sign up for volunteer shifts during our **membership meeting on Monday, January 26**.

Event dates and times:

- **Pinecrest Elementary:** March 4, 5:00–7:00 PM
- **McAuliffe Elementary:** March 10, 5:30–6:45 PM
- **Kennedy Elementary:** March 26, 5:30–7:30 PM

Thank you for supporting STEM learning and helping inspire the next generation of girls and future engineers. We hope you'll consider joining us!

Contact Jodi Husting 651-235-9133 or jmhusting@yahoo.com with questions.

Happy New Year! Welcome to 2026

January includes recognition and reflection on Martin Luther King Junior, International Day of Peaceful Coexistence and National Slavery and Human Trafficking Prevention Month.

Dr. Martin Luther King Jr. was a tireless advocate for racial equality, working classes, and the oppressed around the world. Commonly called Martin Luther King, Jr. Day or MLK Day, the third Monday of January is a federal holiday to honor his life and legacy. This is the only federal holiday designated as a National Day of Service to encourage all Americans to volunteer to improve their communities. While Dr. King believed this community was possible, he acknowledged and fought for systemic change. His example is our call to action. How will you participate?

The United Nations General Assembly designated January 28 as the International Day of Peaceful Coexistence. The resolution emphasizes the role of Member States to promote tolerance, respect for religious and cultural diversity, and human rights. One of the five pillars of the United Nations 2030 Agenda for Sustainable Development is Peace. "Peace cannot be kept by force; it can only be achieved by understanding." Albert Einstein. Learn more at

<https://www.un.org/en/observances/peaceful-coexistence-day> .

Beginning in 2010, by Presidential Proclamation, each January has been designated National Slavery and Human Trafficking Prevention Month. National Human Trafficking Day began and is observed annually on January 11th. According to the International Labor Organization approximately 40 million human trafficking victims exist worldwide. Using threats, violence, and withholding documents human traffickers force victims into labor, including commercial sex. Human trafficking impacts all races, every class, religion, gender and ability. Learn more about what is human trafficking, how to identify a victim and how you can help at
